DVIGear Appoints Matthew Pulsipher as Product Manager

Will Help Build DVIGear's AV-over-IP Product Line

Marietta, Georgia, USA – October 15, 2018 – DVIGear, a leading supplier of Digital Connectivity Solutions for professional display applications, is pleased to announce that Matthew Pulsipher has been appointed as its Product Manager for its full range of digital signal distribution products, including its award-winning DisplayNet product line.

Matthew Pulsipher has a deep passion for technology, and enjoys building solutions that satisfy and delight end users. Most recently, he worked at General Motors, where he helped develop and deploy a global document management system, and a massive media archive system, providing users with instant access to decades of historical content. Matthew has more than 6 years' experience in the IT industry and has worked for General Motors, Brigham Young University, and Intermountain Healthcare. He graduated from Brigham Young University with a Bachelor's Degree in Information Systems, while working as a lead systems administrator for the school. Matthew is based in Atlanta, Georgia, and can be contacted by phone at **770.421.6699** or by email at Matthew.Pulsipher@DVIGear.com.

"I am excited by the opportunity to work in the AV industry. I feel that my unique blend of expertise can help DVIGear create new products that will shape the future of AV as it continues to converge with the world of IT," said Pulsipher. "We are very excited to have Matthew Pulsipher join our team," said Steven Barlow, President of DVIGear. "His strong IT background and commitment to technical excellence will enable him to uniquely fulfill our customers' needs."
